Subject: Website- 2nd requirement!

Dear collaborator:

Hi,

Thank you for sending me the initial presentation of the website, I really loved it.

I am determined to continue working with you, so I ask you to add more pages.

I attach images again to use in these new pages.

In addition to adding more pages, we would also like that, in addition to sending us the rar or zip, you can also publish the code of our page on a platform and we have the link to it.

I will wait for the new updates of the page, we are in contact.

Atte:

Mindy Rox
